

# ABOUT US

**"Your brand is your promise to your customers".**

Moon Blossom was created in 2021 while working under moonlight to support startup business, where things quickly escalated.

We are passionate about brand success and strive to provide our clients with attention to detail and an overall professional sought-after experience to grow and strengthen brand loyalty with healthy customer engagement.

Your brand is your promise to your customers. Our promise to you is to maintain your brand promise with attention to detail and excellent service delivery.

# WHAT WE CAN DO FOR YOU?

Moon Blossom offers a variety of customized packages to digitally revamp, build and maintain your brand success while leaving a lasting footprint with attention to detail and service with a smile.

# WHAT OUR CLIENTS ARE SAYING

"Eye catching designs, smart social media marketing and an effort to really understand your business and the market you work in generate more and better leads".

*C. Conradie*

"I could not have found a better team to work with. I knew what I wanted but couldn't quite put a picture together on paper. I worked with 1 or 2 designers in the past before finding Moon Blossom and often got stuck in putting together final project pieces that were clean and satisfactory enough to meet our brand standards and requirements. When Moon Blossom started working on designing our site, everything that I envisioned and visualized came into perspective, and very quickly they had so many fresh ideas that were out of the box, even after the final project was completed and running, they still make sure I stay up to date with the relevant trends that attract traffic to our site".

*M. Mangoto*
